BEBID SLEEP SCREENING ALGORITHM

Name: ___________________________ Date: ____________

The "BEBID" instrument is divided into five major sleep domains, providing a comprehensive screen for the major sleep disorders affecting children in the 2- to 18-year old range. Each sleep domain has a set of "trigger questions" for use in the clinical interview.

B = bedtime problems
E = efficiency of sleep
B = breathing
I = interruptions of sleep
D = daytime irregularities

Please indicate "yes" or "no" for each question and provide additional information if needed.

Bedtime Problems:

1. Does your child have difficulty **getting** to sleep? ☐ Yes ☐ No ____________________
2. Does your child have difficulty **staying** asleep? ☐ Yes ☐ No ____________________
3. Does your child wake up then have trouble going back to sleep? ☐ Yes ☐ No ____________________
4. Does your child sleep lightly and are they easily roused? ☐ Yes ☐ No ____________________

Efficiency of sleep:

1. When sleeping, does your child ever appear to stop breathing? ☐ Yes ☐ No ____________________
2. When sleeping, does your child ever hasp or wake with a startle? ☐ Yes ☐ No ____________________
3. When sleeping, does your child's body ever end up in odd positions? ☐ Yes ☐ No ____________________
4. When sleeping, does your child sweat more than usual? ☐ Yes ☐ No ____________________
5. When sleeping, does your child leave drool on the pillow? ☐ Yes ☐ No ____________________
6. Does your child toss and turn while asleep? ☐ Yes ☐ No ____________________
7. Does your child wake up in a tangle of bedclothes or on the wrong side of the bed? ☐ Yes ☐ No ____________________
8. Does your child receive the recommended amount of sleep for their age, if not then how many hours do they sleep? ☐ Yes ☐ No ____________________
9. When sleeping does your child grind their teeth? ☐ Yes ☐ No ____________________

Breathing:

1. When sleeping, does your child have their head extended back? ☐ Yes ☐ No ____________________
2. Does your child chew with his mouth open / messy eater? ☐ Yes ☐ No ____________________

Interruptions of sleep:

1. Does your child have nightmares? ☐ Yes ☐ No ____________________

2. Does your child sleep walk or talk? ☐ Yes ☐ No ____________________

Daytime irregularities:

1. Does your child wake up groggy and / or moody? ☐ Yes ☐ No ____________________

2. Does your child wake up with a head-ache? ☐ Yes ☐ No ____________________

3. Does your child appear lethargic or hyperactive during the day? ☐ Yes ☐ No ____________________

4. Does your child exhibit thumb sucking or chewing on foreign objects? ☐ Yes ☐ No ____________________

National Sleep Foundation Recommended Sleep Times

Toddlers *(1 - 2 years)*	11 - 14 hours
Preschoolers *(3 - 5 years)*	10 - 13 hours
School age children *(6 - 13 years)*	9 - 11 hours
Teenagers *(14 - 17 years)*	8 - 9 hours

I have truthfully answered all of the above questions and agree to inform your practice of any changes in my child's medical history, in addition, I certify that I have custody to do authorize informed consent for the practice to perform complete medical, dental, and / or myofunctional evaluations of the patient.
